Synthetic Guideline: General Laboratory Result Review

SYNTHETIC TRAINING DOCUMENT - NOT FOR CLINICAL USE

Knowledge Base ID	KB-LAB-01
Document Type	Medical Guideline PDF
Status	Synthetic educational content

Scope

Generic synthetic guidance for lab-result summarization.

Interpretation principles

• Compare each result with the reference range provided by the reporting laboratory.

• Mark results below range as low and above range as high.

• Preserve units and original numerical values in summaries.

• Do not infer a diagnosis solely from a single abnormal laboratory value.

Boundary values

Values equal to the lower or upper reference boundary should be treated according to the stated inclusive laboratory range.
